No infrigment is intended.

My name is Jake. Even though it won't matter anymore I won't tell you my last name for the sake of tradition. This was our last battle I could feel it in my blood. We were going down there. Down. Back to the yeerk pool. Erick some how managed to get us a dracon beam. Cassie would morph yeerk and make me destroy everything I possibly could. Once I was dead. She would demorph take the dracon beam and destroy even more. She wasn't supposed to but I could feel that too. We were in Cassie's barn we as in the Animorphs. "Marco before you say anything. "I am doing this and you aren't stopping me." I said. Prince, Jake this is a suicidal mission. "Warrior Aximili-Esgarrouth-Isthill I don't know about Andalite princes and warriors Ax but I do know that you are a true warrior as great as your brother." "I ask that Tobias lead in my place. Not you Rachel because you are insane but if you control your anger you will be strong. I do not choose you Ax because your need for vengeance is great I cannot let it corrupt you. And Marco I can't choose you because you wouldn't except." After everyone left very angrily I talked to Cassie. "Cas you will die there too won't you?" "Yes, I will and you won't stop me." "That's what I thought. I have a plan." After that I spent in hour explaining my plan to her. She agreed. I went up to the cashier at the McDonalds and ordered a happy meal with extra happy. I went down to the yeerk pool. Again. Let me tell you something about the yeerk pool. Imagine your worst nightmare then times it by a million and that's only half of it. First I walked over by the hork-bajir and told them "Dak Hamme sent me. Fight he say." And I set them free. I also set the involuntary host free. My brother

was among them and I told him everything. Then, Cassie demorphed and morphed wolf. I pulled out the dracon beam. I got up to the reinfestation line and destroyed the two guards and hell broke lose. While I was firing like mad into the yeerk pool I noticed an Andalite. I screamed to the Visser " Look at an Andalite Bandit, no not an Andalite Bandit the leader of them and Oh yeah I almost forgot Time to die." As I reached toward my watch and detonated the bomb. Right before I saw a guerilla, elephant, hawk and Andalite fighting the yeerks. "No!!!!!!!" I screamed.

Epilogue- The Andalites never came because they intercepted Elfangor's Hirc Dilest the circle decided not too send anyone. Later the circle was removed, but not in enough time to save earth. While the destruction of the yeerk pool was a huge blow it didn't last. The yeerks took over everything on earth besides dogs, the Chee, and the last free human. The yeerks never discovered the Chee. They kept watch over Tobias and Rachel's daughter. Freedom may seem to be gone but it exist in a race of androids and one small human being
